SERIAL NO. Commr., Nuggur Divn

In December last, Mr. R. G. Allardice of Baloor in the Wastara Taluk, forwarded to this office, his tender to take up the Toddy Contract of the Nuggur Divn., for a term of five years from the 1st of April 1874, at Rs. 1,00,000 per annum; and in doing so, represented that by this arrangement, Govt would be saved the trouble and expense of collecting the instalments from a number of contractors under the existing system. He further prayed that this his offer was considerably below

the average revenue derived from this source during the last 5 years, it may be accepted in consideration of his having to incur some expenses in organizing an Establishment &c. for the first time.

2. Mr. Allardice was, in reply, referred* to the Comm.r of the Division, to whom he had sent a duplicate of the tender, which was however declined* as it fell short of the average revenue by Rs. 31,000.

3. Mr. Allardice put* in a second tender for Rs. 131,200 yearly, raising the former amount to the average of last 5 years' collections. With the letter under review, Mr. Ricketts forwards copies of the papers for orders, with an observation that the present offer is not

-nancial point of view, as it would check a steadily growing revenue under the present auction system, which he thinks is attend-ed with little or no risk, if proper precautions are taken in accepting the bids of respectable contractors and in demand-ing proper security. In course of a few years, he expects the revenue to rise to Rs. 200,000 as the country is now opened out and increasing in popula-tion; and he concludes by observing that Colonel Meade is averse to renting the Toddy contract to a single individual and that he is in favor of the system of selling the item

men of smaller means to come forward and compete for Taloots in which they may be residing or where they possess local influence &c.

4. From the marginal Statement, it will be observed that the Toddy revenue in the three Districts of the Nuggur Division has, under the present system, been steadily on the increase, which result, while it is profitable in the interests of Govt, is indicative of a healthy competition attending the system.

6. The system of selling the Toddy Contract of each Taloork by itself, now prevailing in the Shaggur Dt, is in accordance with the Chief Commrs orders conveyed in the Secretary's letter No 5343/118 of the 20th December 1871 which, while securing to the State the highest amount of revenue by increased competition, also affords the people of the Taloork an opportunity of bidding for the Contract and going in for a share of the profits, which would otherwise fall to the lot of a few wealthy and influential men and spe-

7. Although this system does not appear to have worked well in the Talooks of the Tumlidroog Division for reasons which cannot be sufficiently explained, I do not recommend its abolition in Nuggur, as I consider that in working out a monopoly, the State which has created it should derive the fullest benefit, and not a contractor or middleman to the detriment of its interests and of the people.

8. Mr. Allardice's tender may therefore be rejected and his application endorsed accordingly.

9. I may be permitted to suggest that instead of annual sales, the working of the date farms and the sale of Toddy may be

Memorandum

Letter No. 44/15 dated 1st May 1874 from the Commissioner Salsar Division.

From the accompanying statement, it will be observed that the Shencotta sales so far as the revenue goes are not satisfactory, being less than those of the 3 previous years. All the date trees on occupied land have become private property in the surveyed Talooks of Tumbi Chikarapur the increase in the bid is very striking. There is a good large date jungle in the Channapiri Talook and I think it should have fetched more or at any rate there should have been

been no decrease. The fall in the Honnali Talook is considerable and it also contains a good large number of date trees. The revenue of the Shemoga District for 1873-74 is greater than the average of the last 4 years by Rs 318-0-0 and less than that of the highest years by Rs 2698-0-0.

2. The sale in the Kadoor District is unfavorable, and has fetched Rs less than the average of the last 4 years by Rs 439-8-5 and of the highest year by Rs 3327-7-7-.

3. The decrease in the sale of the Kadoor and Sankerie farms is very considerable, & both contain a good large number of date trees.

4. The increase in the Sodey revenue of the Talooks of the Chitteldroog District is indeed marvellous,

P

Hamilton calls for no remarks.

5. All the Talooks of the District have been surveyed and settled and the date trees in occupied lands are the property of the Ryots.

6. The offers of Messrs. Arthoon & Co & Allardice were rejected by the Commissioner.

7. The farms of the Nasar Division may be sold for a term not less than 3 years instead of annually as has been the case hitherto.

I don't quite understand the ob-
-ject of this Memo

of the Report of the Secretary of the Treasury, the Report of the Secretary of War, the Report of the Secretary of the Navy, the Report of the Postmaster General, and the Report of the Secretary of the Interior, all of which are herewith transmitted for the consideration of Congress.

Some difficulty having occurred in the execution of the Act of Congress, entitled "An Act to provide for the more prompt settlement of the accounts of the Army, and for other purposes," approved March 3d, 1849, I have deemed it my duty to withhold my approval of the Act, and to return it to the House of Representatives, in which it originated, with my objections.

The General Assembly of the State of Iowa, at its last session, passed a memorial and joint resolutions, asking for the passage of a law granting to that State the right of pre-emption to the unsold lands within the limits of the grant made to the State by Congress, in aid of the construction of a railroad from Lake Michigan to the Missouri River. Similar applications have been made by other States, and the subject is one which may well claim the attention of Congress.

5 years is undoubtedly satisfactory, the appropriation having risen nearly 70,000 Rs. 64/- last year. Statistics - the keeping of which is the duty of the Sanitary Inspector still defective - the settlement staff has been in progress in some of the districts -

Sir,

I. I have the honor to forward for the orders of the Chief Commissioner the enclosed copies of the correspondence[x] with Mr. R. G. Allardice who tenders for the Toddy contract of this division for 5 years.

From do. of the 3rd Feby 1874.

II. It will be observed that Mr. Allardice first offered 100,000 yearly for the term of 5 years and in a subsequent letter increased that offer to Rs. 131,200 and beyond which sum he does not seem prepared to go.

III. Rupees 131,200 is the average of the last 5 years; but the marginal[x] table shows the result of each annual Sale and exhibits a satisfactory ratio of increase, and looking

at which and noting the great Utilities that are now being made in opening out Roads, expenditure in Public Works &c. I am inclined to think that in 5 years hence the Revenue will nearly if not quite amount to 2,00,000 Rupees - Thus in a financial point of view Mr. Allardice's offer is not a profitable one -

IV. If proper precautions be taken in only accepting the bids of respectable Contractors and in requiring them to furnish proper security, the present system of selling by Talooks is attended with little or no risk; and entails no extra expence to Government. In addition I may observe that Lieut Colonel Meade is averse to letting out the Toddy Contract in a lump sum to a single Contractor and views with favor the system of selling by Talooks and thereby enabling men of smaller means to come forward with bids for

To The Commissioner
Surat Division

Sir,

I have the honor to enclose copy of a tender which I have this day made to the Chief Comr. for the contract for the collection of Revenue from Toddy in this Division for 5 years from the 1st of April 1874 –

I have been upwards of six years in this Division and I believe my character & position are tolerably favorably known to every one. For the working of the contract, if I shall be favored with it, I have made arrangements for the co-operation of some Natives of ample means, and great influence and who have had much experience in this kind of business. As this is the first time the Division has been so let, the undertaking is somewhat of a speculation, and it will be troublesome and expensive to get it into fair working order; therefore I have been obliged be cautious in my offer. Nevertheless comparing it to the Revenue from the Ashtagram & other Division

9

I trust it may be considered fair as Govt is anxious to introduce the System existing in other Divisions, and as this is one containing few men of means, I respectfully submit that some concession should be made in the first instance as an inducement to the undertaking of the Contract.

I am prepared to find all the necessary Securities for the due performance of the Contract, and to deposit any amount which may be required.

Begging that you will give my proposition your favorable consideration.

To
The Chief Commissioner
Mysore

Sir,

As I understand that it is the intention of Govt to let the Collection of the Revenue from Toddy in this Div from the 1st April 1874. for a term of 5 years - I beg to offer you my tender

for

I am prepared to undertake it for the above period, paying to Govt annually by monthly instalments the Sum of Rs (100000) one hundred thousand providing all the necessary securities and making any deposit which may be required -

The above amount may perhaps appear a considerable reduction from the average revenue derived from this Source during the last five years which I believe amounted to about Rs 130,000 per annum. But as this is the first time that the whole of the Division has been let under one Contract great trouble & expense must be incurred to organize a staff, and make the necessary arrangements for working it: and it is not certain how it may turn out - Besides, as the Revenue was formerly realized under the System of letting the Salt works Separately there must have been a good deal of trouble and expense to Govt in its Collection, and there must have been some risk in dealing with a number of Contractors, some of whom were men of much means - all which will now be Saved -

As a proof that Such a reduction has hitherto been thought judicious in Consideration of the advantage of dealing

with

with a person of some standing and of receiving regular payments in lump sums, instead of the old system - I beg to refer to the case of the Ashtagram Division in which the annual averages used, I believe, to be about Rs 250,000 yet the contract of it was given to Captain Taylor for Rs 200,000 per annum. Compared to this my offer is therefore high, and I beg that you will do me the favor of allowing me to have the contract -

Sir,

On the 29th ultimo I had the honor to forward to you copy of my tender for the Godry Contract for the whole of this Division for five years from the 1st April last, requesting you would give it your favorable consideration, & if possible, recommend its adoption -

As I have not been yet favored with any reply to my letter, and as the time

time is fast passing away, which is
required for making necessary arrange
ments. I shall feel greatly obliged
by your informing me whether or not
there is any probability of my offer
being accepted; or what is thought
of it. I observed in a late gazette
that the Contract for Dobbs in the
Shemoga District has been advertized
separately. as the average income
from it has been about as 18,500
for some years, the exclusion of it
from the Contract for which I offered
is a serious matter; and if it is
actually to be, my tender must be
modified accordingly. It seems somewh
anomalous that one district shoul
be put up for Contract for one yea
& the others for five years. I think
Govt would find it to their advantage
to give it also for a lengthy term,
there would be a great saving of trou
and a better class of persons would
compete for the Contract, as it is,
there is no inducement for a person
of means taking it for so short a
time as one year, for in it he
cannot develope the business proper
in fact he has little interest in
doing

doing so, for he may be outbid & ousted in a few months & another reap the fruit of his trouble

I shall be glad to hear from you as early as convenient, for if there is a possibility of my getting the contract, I certainly ought to be beginning now to make arrangements for carrying out the business - I have sent this by express & shall be happy to pay the cost of an answer from you by the same means -

100,000 Rs annually; while the average
of the past 5 years amounts to 1,31,206 Rs
or 31,000 Rs short of the average —

3. I may however observe that
I believe the Chief Comr is averse to
letting out the Dooby Contract in a
lump sum to a single Contractor
as tendered by you, particularly
when better pecuniary results can
be obtained by letting it out to
small contractors Jalookwar.

I am sorry I committed such a breach of etiquette as to address the Chief Comr instead of you on this subject originally, I was told it was the proper course to pursue, & I hope you will pardon my apparent rudeness.

In making my first offer for the Contract I did so with considerable hesitation, as it is quite a new business to take the whole of the Division. However as you are disinclined to consider that offer, beg to state that I will undertake the Contract for 5 years at the average of the last 5 years, that is to say at Rs 131,200 per annum, payable in the usual instalments, any Security that maybe required being found. Sir,—

I have the honor, by direction of the Chief Commissioner, to acknowledge receipt of your letter No. 592/110 of the 13th February 1874 on the subject of a tender put in by Mr. R. G. Allar-dice of Baloor in the Was-tara Taluk for the Toddy Contract of the Nagar Divi-sion for a term of five years at Rs. 131,200 per an-num.

2. In reply, I am direc-ted to observe that look-ing to the steadily grown

revenue under the existing
system of selling the Toddy
contract by each Talook,
which is not attended
with any loss to Govt, you
do not seem to consider
the present offer a profit-

has always been of opinion
that the Toddy Contract
should be sold Talookwar

with advantage to Govt,
and is now unable therefore to

that Colonel Meade con-

To

The Honble the

Nagpur Dy Co.

Sir,

With reference to your letter No. 44/15 of the 1st May 1874, I am directed by the Chief Commr to state that the sales of the Toddy contracts in the Nagpur Dy Co for the year 1873/74 are satisfactory. The practice of putting the contracts up to auction by Jaloohis, which has hitherto worked well, should be adhered to, but the terms of such contracts should be triennial instead of annual.

I have &c:
